Promotion Period: June 15 – September 30, 2015

RUCKUS INTRODUCES FUTURE IS NOW PROGRAM TO UPGRADE YOUR WIFI NETWORK

For a limited time, Ruckus Wireless is offering significant discounts when you replace your old a/b/g/n access points with the new Ruckus 802.11ac access points.

Choose the world's first 802.11ac Wave 2 access point, for peerless performance, or the exceptionally priced 802.11ac Wave 1 access point for the perfect balance of cost and performance. Trade-up applies to all legacy Ruckus and competitive products.

Please reach out to your preferred Ruckus Wireless VAR or contact Ruckus Wireless directly (emea-promo@ruckuswireless.com) to learn more about how you can take advantage of this offer before it expires.

Future Proof Your Network

LIMITED TIME TRADE-UP OFFER

Quick Product Information:

- ZoneFlex R710: The ZoneFlex R710 redefines high-speed and high capacity WiFi. The first 4x4:4 MU-MIMO Wave 2 AP enables customers to maintain a reliable wireless network in high-density, capacity-challenged RF environment. It delivers superior Smart WiFi access point performance, increased device density, and WiFi monetization with Internet of Things (IoT) technologies enabling new business models for the Enterprises & Service Providers. **The ZoneFlex R710 is available now.**

- ZoneFlex R500: The ZoneFlex R500 delivers high-performance and reliable 802.11ac wireless networking at a competitive price point. It was built for enterprises requiring reliable high-speed client connectivity. It is ideal for a variety of medium density enterprise and hotspot environments including SMBs, hotels, retail outlets, and branch offices. **The ZoneFlex R500 is available now.**

How does the offer work? Just follow these 3 simple steps:

Step 1: Complete the Letter of Intent to decommission your existing access points (these should be decommissioned when you install your new access points). **The letter is available [here](#).**

Step 2: Once you have completed the letter, provide it to your preferred Ruckus Wireless VAR who will verify the project with Ruckus Wireless and provide you with the quotation.

Step 3: Once the Ruckus Wireless access points have been installed, decommission permanently your old network.

Terms and Conditions:

- This document is for informational purposes only and does not constitute an offer from Ruckus Wireless. Any discount amounts are subject to Ruckus' approval and discretion.
- The access points identified to be decommissioned need to be in working condition (as determined solely by Ruckus Wireless) to qualify for this offer.
- The deadline for an end customer to decommission their existing AP is by December 31, 2015.
- By participating in the program, you will be asked to acknowledge that you are the rightful owner of all devices being traded in.
- This offer cannot be combined with any other promotional offers, special pricing programs/agreements/vehicles, including Ruckus Education and Hospitality program. If you are unsure, please inquire with your Ruckus Regional Sales Manager to confirm if your purchase qualifies for the Trade-Up offer.
- Ruckus reserves the right to change or cancel this promotion at any time for any reason.

For more information, please feel free to contact your Ruckus VAR or Ruckus representatives today!
