

WHY CertaUPS

CertaUPS: Uninterruptible Power Supply

Tried and tested across all five continents, CertaUPS provide backup power solutions that have been designed to the highest quality and performance, ensuring customers can stay online in the event of a power outage. They offer unparalleled knowledge in the emergency power market, steering from 25 years of engineering and emergency power experience.

The CertaUPS proposition beats its competitors in like-for-like comparisons across important areas such as unit cost, warranty and service as well as offering a risk-free sale or return option. The products are British-made and stocked in the UK with next-day replacements available as part of their three-year warranty scheme.

Value Add for CertaUPS

Flexible Terms

Of course, finance terms are offered based on your company's situation, but our flexibility means you can focus on your business goals and not payments.

Logistics

Do you need a shipment to go straight to your end-user or do you need staggered delivery? Our Logistics team offer flexibility when it comes to delivering your stock.

Customer Support

Customer is King – this is Purdicom's mantra and this is exactly the service you'll get with our Customer Support Team.

Meet the CertaUPS Products:
